

RESPONSE™

CHAMPIONSHIP-TESTED

Economical

Response is a low-maintenance, low-cost solution that is ideal for facilities with limited budgets.

Odor free installation

Response playing surfaces can be installed by your local certified CourtBuilder™ quickly and efficiently without smelly adhesives.

Safety

Response surfaces are designed to absorb shock and prevent fatigue, concussions and injury. Plus, our patented Lateral Forgiveness™ provides protection against stress on knees and joints.

Moisture resistance

Excellent moisture resistance prevents water damage and surface issues caused by humidity, water problems or vapor emissions from concrete, while protecting the surface from fungi, bacteria and other organisms.

Proud to be the official court of the most demanding athletes in the world.™

Why Response™

QUICK INSTALLATION. Response can be installed by your local certified CourtBuilder™ quickly and efficiently without adhesives.

LOW LIFE-CYCLE COSTS. Durable, easy-to-clean, and low-maintenance surfaces save you money in the long run.

USA-MADE QUALITY. High-impact polypropylene suspended court is engineered and manufactured at our Salt Lake City headquarters.

BALL RESPONSE. Response delivers the same ball response as a hardwood court while providing a comfortable and safe playing surface.

System Type	Modular—Polypropylene	<input checked="" type="checkbox"/>
Ball Bounce	99%	<input checked="" type="checkbox"/>
Load Capacity	220 psi	<input checked="" type="checkbox"/>
Coefficient of Friction	0.69 ASTM Standard E303	<input checked="" type="checkbox"/>
Shock Absorption	ASTM F 1292* 11" drop height pass	<input checked="" type="checkbox"/>
Moisture Resistance	Excellent	<input checked="" type="checkbox"/>
Sanitary	Resistance to fungi, bacteria, and other organisms	<input checked="" type="checkbox"/>
Tile Dimensions	9.842"x 9.842"x 0.5"	<input checked="" type="checkbox"/>
Weight	0.62 lbs. (280 g)	<input checked="" type="checkbox"/>

*Based on ASTM F 1292 test
